WHAT WE DO

WEB DEVELOPMENT & MANAGEMENT

Every great business idea takes wing with the launch of a professionally designed website. The Internet has redefined the way business is done. Your website is the gateway to new business opportunities

BENEFITS OF HAVING A WEBSITE

1. YOUR WEBSITE IMPROVES CUSTOMER CONFIDENCE & CORPORATE IMAGE.

With a professional website, you will improve you overall impression to the public and, in turn, your customers will develop a greater sense of confidence in your organization

2. YOUR WEBSITE NEVER SLEEP.

Many people surf the web in the evening when most businesses are closed, which is perfectly fine because websites never take a break. A website will allow your business or organization to be open 24 hours a day, 7 days a week, 365 days a year. Having a website is the equivalent of having an employee working around the clock - even weekends and holidays! .

3. IT WILL HELP YOU ESTABLISH MORE CUSTOMERS.

According to the Small Business Administration, 50% of Internet sales are from new customers. Having a website significantly improves your customer reach no matter what services or products you offer.

4. DO YOU KNOW 86 MILLION PEOPLE?

That is the number of Nigerians that regularly use the Internet. Worldwide Internet usage is pushing two billion.

5. IT WILL TAKE YOUR BUSINESS GLOBAL.

Most small businesses are only able to market to their town and surrounding communities. With a website, you can take your goods and services across America and around the world, if you so choose.

we develop and manage the following types of websites

1. Blog or Personal Website
2. Business Website
3. eCommerce
4. Job Board
5. Business Directory
6. Question & Answer Website
7. NonProfits and Religious Websites
8. Portfolio Websites
9. Online Communities
10. Coupon Website
11. Auction Websites
12. Multilingual Websites
13. Knowledgebase / Wiki Websites
14. Podcasting Websites
15. Niche Affiliate Websites
16. Photography Websites
17. School or College Websites
18. Private Blogs
19. Family Blogs
